*The DEP is designed to provide appropriate learning opportunities that will support the unique learning needs of your child in their identified areas of math and/or, reading and/or intellectual giftedness, i.e., superior critical thinking skills. The DEP Provides you with an annual education framework for your student. Through this DEP, the curriculum at MCSA is designed to extend and enrich the NC Common Core and Essential Standards in alignment with the NCDPI Standards for Gifted Education. Collaboration between general education and gifted education is essential. A yearly performance review will determine the appropriate service option.*
