<u>Criteria*</u>	<u>Progress</u>
Academics	<p>MTSS Multi-Tiered Systems of Support</p> <p>The team is working hard to provide intervention support to both virtual and hybrid students. The team also addresses attendance and supporting students struggling with completing work at home. Our team of counselors, interventionists and teachers are reaching out every day to encourage participation and support families. We are seeing an alarming amount of mental health issues and are working to support students and families in many ways, Based on the correlation between attendance, participation and outcomes we know that our instruction and intervention are on target.</p> <p>PSAT update: We will need to work on SACS accreditation in order to be able to administer the PSAT. Updates on this to follow.</p>
