Professional growth and development goals

According to the data analyzed and collected from various sources, such as, walkthroughs, informal and formal evaluations, personal growth plans, state certification and endorsement requirements, there has been progress towards meeting our professional growth and development goals. With the implementation of professional learning opportunities, we have increased achievement levels across the board and will continue to grow throughout the upcoming school year. Through our partnership with MorphEd we have been able to grow teacher capacity by focusing on best practices in delivering curriculum. We look forward to

New ideas and programs that are being developed.

- New position: Literacy Instructional Coach
- Training and Developing Instructional Coaches for continued support of teachers

Thank you to the School Staff.

Thank you to the school staff for their flexibility and adaptability during this academic year. Their continued commitment to our school, our students, and community does not go unnoticed. Their hard work and dedication has made it possible for our students to grow towards proficiency despite large gaps in learning.

Thank you to the Parent Partnership Group and our Many Volunteers

Thank you to our families for their volunteerism and support. They have supported our school mission through various initiatives that have had a direct impact on school culture and student achievement. A special thanks to Tasia Colbert, Nakeya Brailsford, and Kenyatta Rogers for their generous gifts of time and their dedication to ensuring students and families can connect through fun events at school.

All parents

Thank you to all parents for entrusting us with their child's education and safety.
