3 rd	112
4 th	112
5 th	108
6 th	99
7 th	103
8 th	99
Total	943

<u>Criteria*</u>	<u>Progress</u>
Academics	<p>iReady and Case21 BOY assessment data has been certified. MCSA Longitudinal Data Fall data for iReady and Case21 indicate that students are performing in line with our most historical data year over year and across cohorts. iReady is our best indicator for Fall benchmarks because it indicates the readiness of learners to attain grade level standards.</p> <p>MCSA instructional staff and leadership team have analyzed our data from iReady and Case21 and designed a plan for instruction at all Tiers. Tier 1: Teachers meet with coaches/principals weekly to plan classroom instruction that addresses any deficits in knowledge while preemptively planning for instruction of new standards. Tier 2: Classroom intervention is groups are created based on summative assessments, exit tickets and real time teaching. Tier 3: Intervention teams pull out small groups during the schoolwide intervention blocks.</p> <p>After School Tutoring: MCSA is offering targeted after school tutoring in all grades.</p>
Staffing	Two teachers remain on extended leave and maintain full time long term coverage.
Facility	
Budget	<p>BVA: Attached separately Fundraising: Grants:</p>

Clubs and Athletics:	Clubs: Girls Who Code Superlative Club Tae Kwon Do
Technology:	
Community Partnership:	<p>We hosted our first Popcorn with Principals community event, where our school principles addressed parent questions about everything ranging from curriculum, to safety, enrichment and more. We had great feedback on this event from the parents who attended. From this event was born the Titan Parent University. Parents will be able to access resources that are directly related to their students' education. The first TPU virtual meeting where parents will learn about how to access their students' google classroom, navigate student data reports is scheduled for later in November.</p> <p>Fall Fest/Trunk or Treat was a huge success! As always this is a great undertaking by a group of our volunteers.</p>
