<u>Criteria*</u>	<u>Progress</u>
-------------------------	------------------------

Academics	<p>This week students are taking the MVPA MOY assessments in math, reading and science.</p> <p>Students have been attending after school tutoring and receiving interventions in their classrooms and pull-out services.</p> <p>All teachers are on pacing.</p> <p>Professional Development: Teachers will be receiving training on student engagement during our teacher workday. Our focus will be on how strong planning, organized classrooms, academic monitoring and opportunities for hands-on learning impact student engagement.</p>
Staffing	We are still in search of an EC teacher.
Facility	no report at this time
Budget	<p>BVA: Attached separately</p> <p>Fundraising:</p> <p>Grants:</p>

<p>Clubs and Athletics:</p>	<p>Clubs: Girls Who Code Cyberhedgehogs: Robotics Club Jiu Jitsu</p> <p>Boys and Girls Basketball Cheer Titanettes Dance Team</p> <p>MCSA Athletics is officially underway for the winter season, and the energy on campus is electric!</p> <p>With dance, cheer, and basketball all in motion, we're thrilled to have close to 80 students actively participating across our winter programs and student ambassador positions. We have students singing the national anthem and helping as a part of coach Clay's sport management team. We opened the season with Titan Takeover, which drew an impressive crowd and, even more notably, welcomed back over 20 alumni who showed their pride and continued commitment to supporting and uplifting our athletic community.</p> <p>Our three basketball teams enter the season determined and focused as they look to defend their championship titles. Early performances and preparation indicate that all groups are poised for another strong year.</p> <p>In addition, our TSA program is off to a strong start, demonstrating leadership, school spirit, and an increasing presence at athletic events. Their involvement is already helping to elevate the overall student experience.</p> <p>Coach Clay will be connecting again with Kellen, aiming to review and bring back concrete examples from their previous conversations and learning sessions to help strengthen TSA's development and impact. With momentum building and our teams locked in, it's shaping up to be a memorable winter season for the Titans!</p> <p>The Cyber Hedgehogs are off to a great start and will continue building not only the program but the depths of their capabilities after receiving a grant to improve robotics opportunity.</p> <p>Firm Foundations After Care Program is offering a Saturday program for Middle School students that addresses teen issues. This is a free program offered to all middle schoolers.</p> <p>The wraparound care program has played an important role in our community by offering our students and families mentoring and fun family programming like their upcoming Holiday Feast.</p>
<p>Technology:</p>	
<p>Community Partnership:</p>	<p>Upcoming Events: Homecoming BINGO for Books</p>
